

NOTES BY CLARENDON'S DEMONSTRATION AGENT

A couple of our leading farmers wish to ship some hogs to market between the first and fifteenth of October. These gentlemen have probably half a car. I would like to be assured of enough other hogs to make up a full car. If you have a few head that you can sell at that time, write me once and make arrangements about shipping yours with the others. The exact date will be made known as soon as possible.

I look for this matter of co-operative marketing of pork to become one of our important phases of farming in the county.

We will do our best to take care of your interests in selling these hogs, and if possible see that you get the full market price for the class of stuff that you put on the market.

Remember, that if you are expecting to market any hogs by the fifteenth of October, they should be gotten off of any such feeds as peanuts or soy beans and put on a full corn feed to give them a smooth, hard flesh. Soft hogs will be docked on the markets, so do not have them soft.

Following this shipment I hope to ship at least one car a month during the winter, and of course more if necessary.

If you have porkers for sale write me and full instructions regarding shipping will be furnished you.

Next year is going to be another fine year for the farmer to live at home, and for his livestock to live at home. Therefore don't neglect planting your small grain crops at the proper time. I think that most farmers can well afford to plant a few acres of wheat. It is foolish for us to plant anything like a crop of cotton in 1922, and we are going to have more land than anything else.

For your wheat select a good piece of land, not your poorest, and preferably one having a fair amount of clay in it. If there is not too much litter on the land prepare it by thoroughly disking with a good disc harrow. Where this can be done, I prefer it to plowing the land, as we need a firm seed bed for wheat. If necessary to plow do this some time before planting in order to give the soil time to settle, and if a roller is available it will probably pay you to pack the land somewhat.

I am having a number of inquiries regarding vetch, and am encouraged to believe that we will have a fair acreage of this valuable winter legume planted. Planted with rye or oats it makes an excellent grazing crop for hogs and cattle, a fine hay crop; and best of all if instead of being cut off it is turned back into the soil many dollars worth of high priced nitrogen

is added along with the humus which our soils are so badly in need of.

It seems fairly certain that the big creamery will be established in Florence. As mentioned before, the only thing needed to assure this section of this ready market for her surplus cream is for us to show the creamery company that we have sufficient production to furnish them an adequate supply of cream at all times.

Therefore, if you have not done so write me for a blank to be filled out by you showing the approximate surplus that you will have to sell.

It now looks very much as though Clarendon County is going to have a hog show this fall. Interested parties have been working along quietly trying to put over this show, and as said before it now looks as though their efforts have not been in vain. I know that there are lots of farmers in the county who have some mighty good hogs. Hogs that would look good in a show ring almost anywhere. But not everyone knows this, so be sure you have them out at the County Show. It will do you good and will help to make a creditable show. In addition you may win a good prize. The show ring is the place to advertise your hogs. Good premiums will be awarded fat barrows as well as the breeding stock.

Why not select some of your best stuff today and begin now to fit it for the show. The man who has good stock to begin with and then fits it for the show ring is the one that is going to win. Don't ruin the chances of a good hog by not having it in show condition.

This show should do much to stimulate the hog industry in Clarendon County, and a couple of good sows on every farm will do much toward making the farm more profitable than it has been in the past. The premium list and the date of the show will be announced soon, as will a list of those subscribing to the fund to be used in putting on the show.

I am glad to note that Mr. A. L. Luce has begun work on his sweet potato curing house. This house is to be built according to the government plans, and should be a success in every way.

The house is to be a 5,000 bushel capacity plant, and will be located on the siding near the depot. It will therefore be very convenient for shipping the sweet spuds.

W. R. Gray, County Agent.

SUMMERTON NEWS

The cotton crop is far below what was expected even thirty days ago, many of our farmers are only getting from three to seven bales on from forty to sixty acres of land. And the situation is becoming alarming, as it is a fact that many of the land renters will not make anything like the rent, and just what the outcome is going to be is yet a problem unsolved. But in discussing this matter with Mr. C. M. Davis, one among our oldest, and honored citizens recently. Mr. Davis said: "There must be spirit of co-operation, or a spirit of live and let live, between the landlord and the renter, and between the landlord and the merchant. In other words it seemed but reasonable that the landlord should take say one bale and let the merchant have one bale, and by so doing, the landlord, the renter and the merchant might be able to bridge over the boll weevil lundition. But if the merchant fails of course the renter will be out, on account of not having any one to help him along next year, and of course this will grow the landlord out, as he will not have any one to work his land. Mr. Davis further said that he was practicing just exactly what he is preaching, and knows that he is doing nothing but his duty. We believe Mr. Davis has exactly the right idea as to the above, and we believe it is going to take the best men and the best brains in this country to hold the people and the business together for the next few years. And if there ever was a time in the history of our country that men should be men, it is this very time. And we are unwilling to believe that we have any men in this great south land of ours who will set back and enjoy the best in life, with a reserve of money and merchandise and let any one suffer in a time like we are certainly going to pass through.

Mr. P. H. Hutchins, of this place who is associated with Mr. Howard

BACK GIVES OUT

Plenty of Manning Readers Live This Experience.

You tax the kidneys—overwork them—They can't keep up the continual strain.

The back may give out—it may ache and pain; Urinary troubles may set in. Don't wait longer—take Doan's Kidney Pills.

Manning people tell you how they act. Ask your neighbor. Mrs. C. M. Taylor, S. Boundary St., Manning, says: "About a year ago I was troubled with kidney complaint. I had terrible backaches and headaches. Nervous spells upset me and my nerves were just a wreck. I felt tired and languid and I suffered from dizziness. Finally I heard about Doan's Kidney Pills and bought some at Arant's Drug Store. I can certainly say Doan's did me a wonderful lot of good and quickly relieved me."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Taylor had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

White of Raleigh, N. C., has just closed a deal with parties in the counties of Bamberg and Barnwell, for something like one hundred million feet of standing timber and will in the very near future put quite a number of mills to cutting this timber. These gentlemen have had quite a number of mills in operation in this county for a number of years, and by so doing have turned loose hundreds of thousands of dollars in this section. Those who have been cutting timber for these gentlemen here speak very highly of them. And Mr. Hutchins the local manager has quite a lot of friends here, who sincerely hope that he will not leave them as yet. Mr. White is engaged quite extensively in the manufacturing and sales of lumber, operating quite a number of mills in North and South Carolina, and Georgia, with sales offices in Washington, D. C., Philadelphia, Pa., and New York City.

Plans for the great hoped for revival meeting that is scheduled to start here at the Methodist church on Tuesday night after the first Sunday in October has been completed. This will be a union meeting, and it is the desire of all the good people who are interested in a better town and a better community will throw themselves into the meeting. The Rev. Mr. Davis of Orangeburg will do the preaching, and Rev. J. A. Ansley will have charge of the music. The choir will consist of at least 50 voices from the different churches here, who are all good singers, and it is hoped that many others who belong to other churches in other towns and communities will come along and line up with the "Canary Birds" bunch and let's drive the "blues" into perdition, and let the people live happy.

Mr. Emory Rogers left here Saturday morning for the Washington and Lee University of Virginia. Born to Mr. and Mrs. J. C. Lowder one day last week a girl. Both Mrs. Lowder and the little one are doing fine.

Radcliffe Chautauqua coming. The local Chautauqua committee desire to announce September 30th to October 1-3 as the dates upon which the Radcliffe Chautauqua will be held in the Summerton School Auditorium. The bureau at Washington promises the people of our community an unusual attractive and varied program. No time or effort has been spared by Mr. Radcliffe to bring to nearly 2,000 of America's smaller communities that spirit of civic pride and world-wide outlook which hitherto has been expected only in the large cities. It will be a great community asset—a real revival of inspiring music, wholesome amusement and lectures by men of vision and leadership who will discuss topics on subjects in which every

COLLEGE PREPARATORY SCHOOL

Mrs. E. C. Nettles Alsbrook, Principal Manning, S. C.

Fifteen standard units. High school English, French, Latin, mathematics science and penmanship. Thorough preparation for any college. Students for Winthrop and Clemson win honors. Certificates admit to leading colleges without examination. Special coaching for beneficiary scholarships offered by Winthrop, Clemson the Citadel, and South Carolina University. Session begins Sept. 12th.

State of South Carolina,
County of Clarendon.
Court of Common Pleas.

DECREE.

Delancey Evans, Trustee, Plaintiff,
vs.
Ida G. Morris, Defendant.

Pursuant to a Decree of the Court of Common Pleas for said County and State made in above entitled action dated August 6, 1921, I, J. E. Gamble, Sheriff of Clarendon County will sell at public auction to the highest bidder for cash, in front of the Court House Door at Manning, S. C., on Monday, October 3, 1921, being salesday, within the legal hours for judicial sales, the following described real estate:

"All that piece, parcel or tract of land lying, being and situate in the County of Clarendon, in the State of South Carolina, containing fifty-seven (57) acres, more or less, bounded as follows, to wit: North by lands of Joe Spratt; East by lands of B. A. Johnson; South and West by lands formerly of B. A. Johnson.

Also all that piece, parcel or tract of land lying, being and situate in the County of Clarendon, in the State of South Carolina, containing thirty-three (33) acres, more or less, bounded as follows, to wit: North and East by Tucker place; West by lands of Joe Mitchell; South by lands of Mary Cutter. Being the land conveyed to me by Deed of F. C. Thomas, dated December 2, 1918, and recorded in book H-5, page 139."

Purchaser to pay for papers.
J. E. GAMBLE,
Sheriff of Clarendon County.

American is vitally concerned. In building the program the utmost care was exercised in engaging only artists whose ability on the public platform has been thoroughly tried and proven. Each is a real artist in his or her line, thereby assuring musical treats of the highest character.

In the series of lectures the keynote of Americanism and American ideals will be sounded with clarity that will grip all. In brief the program in its entirety, will touch all phases of life for the help, encouragement and entertainment of all kinds of people.

The Chautauqua director will be C. M. Eichelberger of Washington, D. C. Dr. J. William Terry of California, lecturer on social aspects of Christianity and author.

Dr. W. T. S. Culp of Cleveland, Ohio, who for twenty years has been well known as one of the best lecturers upon the American platform will also be here.

For lack of space we mention only a few of important personages who will be presented in this course. Price of adult season ticket for three day program is \$2.00. Children \$1.00.

Let's everybody buy one, which I am sure many of our now rugged paths will be greatly smoothed over.

Before me came Jesse R. Spratt, Cashier of the above named bank, who, being duly sworn, says that the above and foregoing statement is a true condition of said bank, as shown by the books of said bank.

Jesse R. Spratt,
Sworn to and subscribed before me this 14th day of Sept. 1921.

T. M. Mouzon,
Notary Public.
Correct Attest:—T. R. Owen, Jesse R. Spratt, S. Oliver O'Bryan, Directors.

CHARGES OF MURDER AGAINST OFFICERS

Birmingham, Sept. 20.—W. S. Knox and A. W. Crowe, state law enforcement officers, and four special law enforcement officers or members of a citizen's posse, are held in the Elmore county jail at Wetumpka on charges of murder preferred by Sheriff J. H. Strength, according to long distance telephone reports from Sheriff Strength tonight.

The murder charge resulted from the alleged killing of Lee Paunton in a fight six miles from Eclectic, Ala., according to the sheriff, who stated that Oliver Dewitt was seriously wounded at the same time. Both men are white.

Sheriff Strength said he had preferred charges of murder against all the persons in the party at the time Paunton was killed and that they probably would be given preliminary hearings at Wetumpka Friday.

In addition to the regular enforcement officers, Knox and Crowe, the sheriff states that he has imprisoned John Shores, Freeman Hale, Spencer Sanford and John Jones. Shores has been a special state officer and has assisted the state law enforcement officers in various raids in Elmore

county. It is supposed the other men were special deputies or members of a citizen's posse accompanying the officers.

Lon C. Phillips, state law enforcement officer, is said to have left Montgomery for Wetumpka this afternoon.

WILL CATCH WEEVILS

Estill, Sept. 19.—Farmers here are jubilant today because they no longer fear the ravages of the mighty boll weevil. Frank Baker, a young Jewish merchant, left yesterday for Washington to procure a patent on a recent invention of his with which he assures his friends that the boll weevil will surely be put to rout. From the meagre information released by Frank it seems that his machine will be operated only during the dark hours of the night and is equipped with a light which, when the weevil is disturbed from his peaceful slumbers by a projecting piece of the machine, he will be attracted by the light and fly to certain death and destruction. It is possible that local interests will buy up the patent rights and make bumper crops here while the rest of the world continues to plant cotton to feed the weevil.
